CHAIR'S COMMENTS

The Environmental Impact Review Board (EIRB) held two regular meetings, one caucus, and one teleconference during the year. It also sponsored a two-day seminar in Yellowknife entitled *Northern Impact Assessment Seminar* which attracted some 120 delegates.

Throughout the year the EIRB worked on “*developing criteria for establishing acceptable environmental standards and evaluating a developers standard of performance for the Husky Lakes Area*” as required by Section 8 (1) of the Inuvialuit Final Agreement. A draft of the criteria was circulated in June 2001. Members of the EIRB travelled to Tuktoyaktuk in August to meet with the Tuktoyaktuk Hunters’ and Trappers’ Committee (HTC) to discuss the draft.

In June and July 2001, the Privy Council reappointed the government members of the EIRB (Mr. Tom Butters, Mr. Peter Bannon, and Mr. Andrew Williams) and the Chair for three-year terms.

Discussions continued throughout the year on ways to avoid duplication of processes should a pipeline be built through the Inuvialuit Settlement Region (ISR) and the Mackenzie Valley (MV). In January, 2002 a draft of a Cooperation Plan was released for public comment.

In order to assist developers and others working in the ISR in identifying cumulative impacts, the EIRB and the Environmental Impact Screening Committee (EISC) commissioned the preparation of three guidebooks, entitled: *Cumulative Effects Assessments in the Inuvialuit Settlement Region: A Guide for Proponents*; *Cumulative Effects Assessments in the Inuvialuit Settlement Region: A Guide for Reviewers* and; *Cumulative Effects Assessments in the Inuvialuit Settlement Region: Current and Potential Capability*. Copies of these guides are available from the Joint Secretariat (JS).

As Chairman of the EIRB, I wish to thank my fellow board members, its secretary, Eric Chernoff, its advisors and all the staff of the JS for their efforts to help the EIRB provide a fair and efficient review procedure for the Inuvialuit Settlement Region.

Sincerely,

Robert Hornal
Chair, EIRB

PERIOD OF REPORT

This report describes the affairs of the Environmental Impact Review Board for the fiscal period of April 1, 2001 to March 31, 2002. During its fifteen years of operation the EIRB has produced *fourteen* Annual Activity Reports.

AUTHORITY OF THE ENVIRONMENTAL IMPACT REVIEW BOARD

The EIRB was established under the terms of the Inuvialuit Final Agreement (IFA) between Canada and the Committee for Original Peoples Entitlement (COPE), representing the Inuvialuit. The IFA was approved, given effect, and declared valid by the *Western Arctic (Inuvialuit) Claims Settlement Act* [S.C. 32 - 33 Elizabeth II, C.24.], on June 28, 1984.

The IFA provides the groundwork for a two-stage Environmental Screening and Review Process that is carried out by the EISC and the EIRB [IFA Section 11.0]. The EISC conducts environmental screening of development activities proposed for the Inuvialuit Settlement Region. The EIRB carries out detailed environmental impact assessment and public review of development projects referred to it by the EISC pursuant to the IFA.

The EIRB is structured so that both parties to the IFA, the Inuvialuit, and the Government of Canada are represented equally. The goals of the IFA, directly relevant to EIRB operations, are:

- *to preserve Inuvialuit cultural identity and values within a changing northern society;*
- *to enable Inuvialuit to be equal and meaningful participants in the northern and national economy and society, and*
- *to protect and preserve the Arctic wildlife, environment, and biological productivity.*

MEMBERSHIP

The EIRB is composed of seven people. Three members are appointed through Order-in-Council by the Government of Canada; three members are appointed by the Inuvialuit Game Council; and a Chair is selected by the Government of Canada with the consent of the Inuvialuit Game Council. Of the three members appointed by Canada, one is nominated by the Government of Yukon, one is nominated by the Government of the Northwest Territories, and one is selected by the Government of Canada.
