

ENVIRONMENTAL IMPACT SCREENING COMMITTEE

April 27, 2010

Submission Number: [02/10-05]

Environmental Impact Review Board

Box 2120
Inuvik NT X0E 0T0

ATTENTION: ELIZABETH SNIDER, CHAIR

Dear Ms. Snider:

RE: HAMLET OF TUKTOYAKTUK, TOWN OF INUVIK AND GNWT - CONSTRUCTION OF THE INUVIK TO TUKTOYAKTUK HIGHWAY, NORTHWEST TERRITORIES [02/10-05]

The Environmental Impact Screening Committee (EISC) screened the above-noted project description at its April 12-14, 2010 meeting and determined that the development could have a significant negative impact on the environment and Inuvialuit wildlife harvesting in the Inuvialuit Settlement Region [IFA Section 11.(17)(c)] and is subject to further assessment and review.

The EISC held a meeting on April 23, 2010 and determined that the proposed project would be referred to the Environmental Impact Review Board as per IFA Section 11.(20).

The issues and the reasons for the referral that were identified by the EISC during the screening of this project description are noted in the attached decision letter.

If there are any questions regarding this referral, please do not hesitate to contact the EISC office.

Sincerely,

Barb Chalmers
Environmental Assessment Coordinator
