**Re: Inuvialuit Game Council interest in being Registered Participant**

Dear <sup>Jon</sup> Mr. Pierce,

Thank you for the January 8, 2014 letter from the Environmental Impact Review Board (EIRB) informing the Inuvialuit Game Council (IGC) that if we were interested in being a Registered Participant in the review of the Beaufort Sea Exploration Joint Venture Drilling Program we must indicate this in writing by February 28, 2014.

Please accept this letter as the IGC's indication that it wishes to be a Registered Participant for the above-mentioned review. We look forward to the opportunity to participate in the public review proceedings.

Thank you.

Sincerely,

Frank Pokiak  
Chair
