Dear Mr. Nasogaluak:

**Party Representatives for the Beaufort Sea Exploration Joint Venture Drilling Program  
Environmental Assessment**

---

I am aware of your correspondence requesting the Government of the Northwest Territories (GNWT) identify representatives for the above-mentioned environmental assessment.

The GNWT operates through a one-window approach with respect to environmental assessments, where the Environmental Assessment and Monitoring section manages the participation of all GNWT departments in these processes. As such, please identify myself as the primary representative, where I can be contacted by email at [shafic\\_khouri@gov.nt.ca](mailto:shafic_khouri@gov.nt.ca) or by phone at (867) 873-7905. As a secondary representative, please identify Mr. Joel Holder, Manager, Environmental Assessment and Monitoring, who can be contacted by email at [joel\\_holder@gov.nt.ca](mailto:joel_holder@gov.nt.ca) or by phone at (867) 873-7107. Post devolution on April 1, 2014, some of these details will change and the GNWT will notify you accordingly.

The GNWT looks forward to participating in all stages of this environmental assessment and providing its expert advice to decision makers.

If you have questions on any of the above, please feel free to contact me.

Sincerely,

Shafic Khouri  
Environmental Assessment Analyst
