

# Environmental Impact Review Board Registry Site

## Project Summary Questionnaire

### About this document:

Developers must complete this online questionnaire to officially register the project on the Public Registry, and inform the EISC about the activities associated with the proposed project. In the questionnaire, a Developer may request:

- That the proposed project proceed directly to Phase 2 of the environmental impact screening process as it is a development as defined by the IFA and not exempt from screening; or
- That the proposed project be reviewed to determine whether it is subject to the environmental impact screening process, and/or whether it is exempt from screening.

A direct referral to Phase 2 must include a Project Description per the EISC Guidelines which is to be submitted to the EIS Co-ordinator for the determination of its completeness for the purposes of screening. Once deemed complete it will be uploaded to the Public Registry and a Notice of Proceed will be issued.

A request for a pre-screening to determine whether or not a screening is required, triggers the Screening Committee to use the information provided in this on-line questionnaire, to decide:

- whether the proposed project is a development as defined by the IFA, and
- if the proposed project is a development, then whether the proposed project is exempt from environmental impact screening proceed; or
- if the proposed project is not a development, then inform the Developer, post the decision on the Registry and close the file.

Notwithstanding the inclusion of a type of development on the Exclusion List, Inuvialuit exercising their rights under s.11(1)(c) of the Inuvialuit Final Agreement may request an environmental screening of an exempt development. In extraordinary circumstances the Screening Committee may also decide, on its own motion that a development on the Exclusion List will be subject to an environment screening. In any such case, the Screening Committee will provide reasons for its decision.

This page can be printed if you would like to work on it offline, prior to submission.

**1) Developer Name:** Imperial Oil Resources Ventures Limited

**2) Project Title (100 character max):** Beaufort Sea Exploration Joint Venture Drilling Program

### 3) Please check one of the following indicating your preference:

- ☒ Please proceed directly to Phase 2 of the environmental screening process, we are submitting under separate cover a for
- ☐ Please review the proposed project to determine whether it is subject to the environmental screening process, and/or whether it is exempt from screening.

### 4) Project Description

(Please provide a brief summary of the project.)

The proposed program will involve the drilling of one or more exploration wells within EL 476 (Ajurak) and EL 477 (Pokak) in the Beaufort Sea, and the associated support activities.

### 5) Developer Address:

Address Line 1: 237 Fourth Avenue South West  
 Address Line 2: P.O. Box 2480 Station "M"  
 Address Line 3:  
 City/Town/Village: Calgary  
 Territory/Province: Alberta  
 Postal Code: T2P 3M9  
 Country: Canada

### 6) Contact Details

Contact Name: Sherry Becker  
 Contact Title: Beaufort / Eastcoast Opportunity Manager  
 Contact Phone: 403-237-2623  
 Contact Fax: 403-237-4447  
 Contact Email: beaufortsea.project@esso.ca

**7) a. Has this project been submitted previously to the EISC?**

- ☐ Yes
- ☒ No (go to question 8)
- b. If yes, is the developer seeking approval of the extension of the term, renewal or amendment of an existing authorization?
- ☐ Yes
- ☐ No (go to question 8)
- c. If yes, are the activities the same as previously authorized?
- ☐ Yes
- ☐ No (please submit a detailed description of all changes to the EIS Co-ordinator).
- d. If yes, please advise the EISC File#:

**8) Are you asking for multi-year approval for this submission?**

- ☒ Yes
- If yes, how many years?: 3-5
- ☐ No

**9) Will your proposed project overlap with other jurisdictions or with other land claim areas? (Check all applicable)**

- ☐ Gwich'in Settlement Area
- ☐ Nunavut Settlement Area
- ☐ Sahtu Settlement Area

**10) Will the proposed project be located on the Yukon North Slope?**

- ☐ Yes
- ☒ No
- If yes have contacted the [Yukon Environmental and Socio-economic Assessment Board?](#)
- ☐ Yes
- ☐ No

**11) The following communities are in the area where the proposed development will take place:****12) The proposed development will be located on:**

- ☐ Inuvialuit Private Lands
- ☐ Crown Lands
- ☒ Offshore/Marine Environment

**13) The proposed development will take place on or effect the following areas identified in the [Community Conservation Plans](#) :**

- ☐ Category A
- ☐ Category B
- ☒ Category C
- ☐ Category D
- ☐ Category E

**14) Latitude and Longitude or UTM Coordinates or proposed project:**

NW Boundary:

- ☒ Latitude\Longitude Decimal Degrees
- ☐ Latitude\Longitude Deg\Min\Sec
- ☐ UTM Coordinates
- 71 °N 136 °W

NE Boundary:

- ☒ Latitude\Longitude Decimal Degrees
- ☐ Latitude\Longitude Deg\Min\Sec
- ☐ UTM Coordinates
- 71 °N 134 °W

SW Boundary:

- ☒ Latitude\Longitude Decimal Degrees
- ☐ Latitude\Longitude Deg\Min\Sec
- ☐ UTM Coordinates
- 70 °N 136 °W

SE Boundary:

- ☒ Latitude\Longitude Decimal Degrees
- ☐ Latitude\Longitude Deg\Min\Sec
- ☐ UTM Coordinates
- 70 °N 134 °W

Common or Trad. Name:

EL 476 (Ajurak) and EL 477 (Pokak)

NTS Map Sheet #:

107F, 107G, 117E, 117H

Additional map information can be provided in the following space:

The specific AANDC coordinates of EL 476 and EL 477 are listed on page 6-2 of the Project Description.

**15) Community consultations have been undertaken in the following communities:**

**16) Do you have letters of support from the community Hunter and Trapper Committees?**

☐ Yes

☒ No

If yes, could copies be provided for the record?

☐ Yes (Please submit a copy to the EIS Co-ordinator)

☐ No

**17) Specify the type of development:**

☐ Mining Exploration

☐ Tourism

☐ Clean Up

☒ Oil and Gas

☐ Research

☐ Seismic

☐ Geophysical

☐ Other

☐ Municipal

**18) Is the proposed development research?**

☐ Yes

☒ No

If yes, was the application submitted to the Aurora Research Institute?

☐ Yes

☐ No

Please submit a copy of the application to the EIS Co-ordinator.

**19) Is the proposed project directly sponsored by, conducted by, or under the day-to-day control of a government, or government agency or corporation?**

☐ Yes

☒ No

If yes, please describe the nature and degree of involvement.

**20) Does this proposed development serve the purposes of government?**

☐ Yes

☒ No

**21) A permit or licence is required from one or more of the following regulators or agencies (check and or list all applicable):**

☐ Aurora Research Institute

☐ Canadian Wildlife Service

☒ Fisheries and Oceans Canada

☐ GNWT - Industry Tourism & Investment

☐ Government of Yukon - Tourism and Culture

☐ Indian and Northern Affairs Canada

☐ Inuvialuit Land Administration

☒ National Energy Board

☐ NWT Water Board

☐ Parks Canada

☒ Transport Canada

☐ Yukon Environmental and Socio-economic Assessment Board

☒ Other: Environment Canada, GNWT-ENR

**22) The proposed project will involve the following:**

☐ Work near water bodies

☒ Work in water bodies

☐ Work on water bodies

☐ Crossing of water bodies (streams/rivers)

☐ Water usage

☒ Depositing of anything in a water body

**23) The proposed project will implement/use the following mitigation measures:**

☒ Environmental Monitors

☒ Wildlife Monitors

- ☒ Marine Mammal Observers
- ☒ Fuel Spill Kits
- ☒ Fuel Drip Trays
- ☒ Double hulled fuel storage
- ☒ Double hulled fuel transportation barges
- ☒ Adhere to EISC Flight Guidelines
- ☒ Formal Emergency Response Plan
- ☒ Notify communities prior to commencing work
- ☒ Other: see Project Description

**24) Project Fieldwork Schedule**

Start Date: 2020-01-01  
Work Description: see Project Description  
Duration in Days: see Project Description

If multiple work sessions with breaks of greater than 30 days provide details below.

**25) List types of equipment or vehicles:**

Type: drilling system and support vessels, aircraft

**26) Any additional information can be provided provided below:**

A full Project Description will be submitted separately.

Please save your Project Summary Questionnaire.

After you have saved the document you will be given an opportunity to print and edit the information if necessary. Thank you.
