Dear Sirs:

**RE: HAMLET OF TUKTOYAKTUK, TOWN OF INUVIK AND GNWT - CONSTRUCTION OF
THE INUVIK TO TUKTOYAKTUK HIGHWAY, NORTHWEST TERRITORIES [02/10-05]**

The Environmental Impact Screening Committee (EISC) screened the above-noted project description at its April 12-14, 2010 meeting and determined that the development could have a significant negative impact on the environment and Inuvialuit wildlife harvesting in the Inuvialuit Settlement Region [IFA Section 11.(17)(c)] and is subject to further assessment and review.

The EISC held a meeting on April 23, 2010 and determined that the proposed project would be referred to the Environmental Impact Review Board as per IFA Section 11.(20).

If you have any questions on the above decision, please do not hesitate to contact the EISC office.

Sincerely,

Barb Chalmers
Environmental Assessment Coordinator
