1. TERMS OF REFERENCE - SECTION 13.2

Reviewer's Comments:

During its review of the EIS, the ILA was unable to locate a table containing inspection requirements listed in section 13.2 Compliance Monitoring of the TOR.

Specifically the TOR states:

The developer shall prepare a table with inspection requirements. This table will be updated throughout the life of the project to reflect the current conditions of any applicable permits, licences, and approvals. The table shall include, at a minimum, information on what inspection activity will be taken and how frequently and during which period the inspection will occur.

Developer's Response:

The Developer provided a draft compliance table in the Addendum to the EIS submitted to the EIRB in response to Category 3 Conformity Request #14.
