Canada

# Background

- PCL established in 1984 under the IFA
- Protected and managed as a National Historic Site
- Covers 16 km<sup>2</sup> and includes Ibyuk and Split Pingos

- Programs are run in the communities and schools
- Environmental monitoring in place

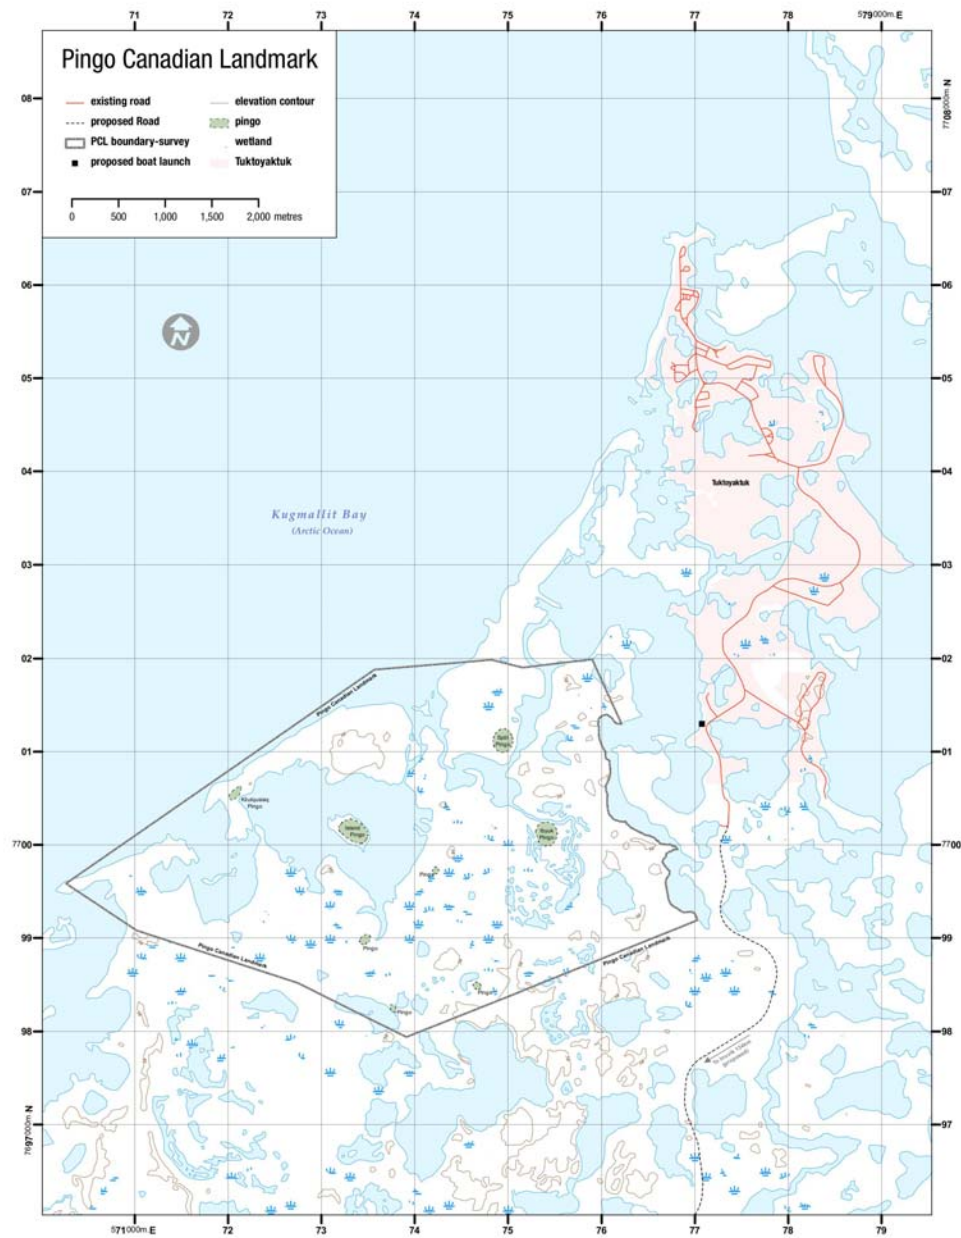

- Boardwalk recently constructed to increase opportunities for visitors and tour operators

# Concerns

- Potential impacts from noise and dust
- Potential impacts from travellers hiking off the highway to the pingos

# Mitigations

- No additional mitigations proposed for dust or noise
- Location of pullout near the PCL to manage potential impacts to tundra terrain
